

**Anti-Glitter Poster created by Year 6 Eco Councillors**

ECO COMMITTEES DECISIONS ARE...

# BANNING GLITTER

## Glitter

Glitter is bad for the environment because it is a micro plastic and it can kill thousands of animals.

## Fun fact

Glitter gets stuck in a birds' beak like the birds get it.

## Did you know?

Did you know that glitter is a micro-plastic and very bad for animals and especially the sea when animals die (like clean).
